

## Basic Water Treatments & Supplies

### **Beneficial (Good) Bacteria** – 2 parts, Best when used together.

**CLARITY MAX, 2.5 lbs** –natural treatment formulated to remove algae stains and prevent debris buildup on and around waterfalls, streams, rocks in the pond and filtration systems. Use when water temperatures are above 50°F for long-term water clarity.

**BIOLOGICAL CLARIFIER, 24 packets** –naturally clears water, removes odors and breaks down dead debris and decaying leaves with billions of bacteria colonies and added enzymes. The result is a cleaner pond, healthier fish, improved dissolved oxygen levels and reduced ammonia levels. Can be used in ponds, fountains, bubblers and disappearing waterfall features. Use when water temperatures are above 50°F.

**PondShock** – the organic ball contains billions of all natural, live bacteria and enzymes that are designed to rapidly break down ammonia, nitrites and organic waste. Can be used in the spring to jump-start biological filters after a cleanout, when water quality issues escalate or before new fish are introduced to the pond. Use once a month or as needed when water temperatures are above 50°F. Safe for all aquatic life. 1 Ball: treats up to 2500 gallons for 4 weeks

**NEW PRODUCT!**

**Algaecides** – safe for fish & plants, use in early morning or late evening. Use with beneficial bacteria. For best results – use a net to scoop off dead/floating algae & debris, or it will create more algae! Repeat in 2 days if needed.

**Algaway 5.4, 16 ounces** – safe for fish & plants, use in early morning or late evening. liquid– Stops algae growth, controls string algae. Use regularly with beneficial bacteria to prevent algae blooms OR use as needed.

**AlgaeOff - 1 lb & 2.5 lb** – powder—treats, controls & prevents many types of algae. Can add to water or can be used as a spot treatment. For use on waterfalls: turn off pump, sprinkle & let it sit for 20 minutes.

**Barley Straw Bale** - Prevents new algae growth, increases water clarity. For use in waterfalls or submerged near filtration system, replace every 6 months.  
Recommended: 1 bale per 500-1000 gallons

**Barley Extract, 32 oz** – Barley Extract is the natural solution to maintaining a clean and healthy pond all year long. Its function is algae prevention. Faster than barley pellets and cleaner than cumbersome barley straw bales, Barley Extract is a powerful liquid concentrate that goes to work fast.

**NEW PRODUCT!**

## **Plants Products** -

### **Pond Plant Potting Media, 10 pounds**

Soil specifically for aquatic plants, promotes optimal growth & long-lasting flowers. All natural, safe for fish.
